“Hope is putting faith to work”

Dear Friend,

Another school year comes to a close – a year of difficulties surmounted, of possibilities becoming certainties, a year of dreams realized. For the children in our *Vision of Hope* schools, it means being another year closer to completing their Catholic education, because of you!

Thank you for your extremely generous response to last year’s *Book of Dreams*. During the toughest of economic times, no child was turned away because you cared. A record number of 258 families received additional support through your tuition sponsorship!

In an attempt to keep tuition affordable, schools include only the most necessary items in operating budgets. Many things which would enhance the quality of education our students receive are beyond reach, without generous people like you. Please look through our book and find an item which you would like to see the children have when they return for the 2010-2011 school year or continue your sponsorship! Simply check the school of your choice, along with the item, and enclose your check, *made payable to the school*, by July 1 or as soon as possible.

The children and their parents are so grateful to you for continuing to “put your faith to work” – showing them that ***believing really can give wings to miracles and hope.***

Your very grateful,

*Sister John Martin,
Principals and Children*

***Thank you for your continued generosity
and support - You do make a difference!***
